

HVAC Solutions At-a-Glance

The right device for any application

usa.siemens.com/hvac

Siemens HVAC solutions improve energy efficiency, comfort and well-being. Increase productivity with our innovations that simplify installation and commissioning as well as improve building performance and indoor air quality. Rely on Siemens solutions – built to last for buildings of all sizes.

Product Categories

Valves

Damper Actuators

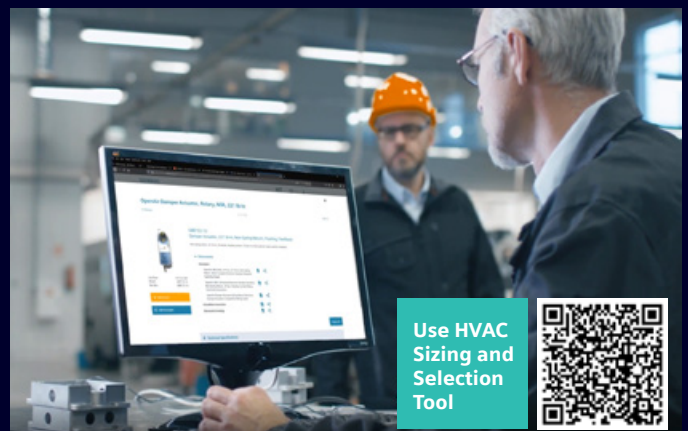

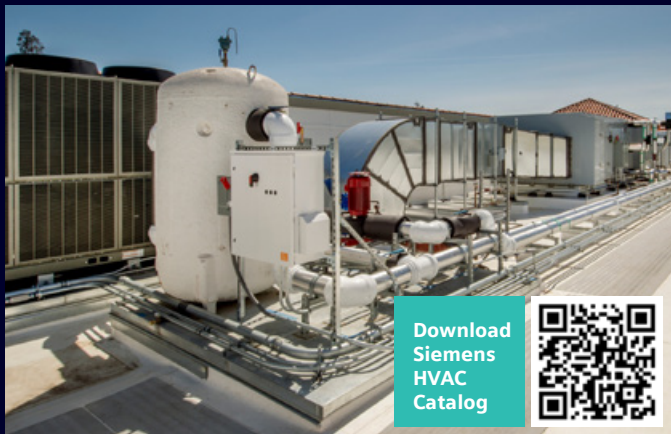

Sensors

Thermostats

Pneumatics

Rooftop Unit Solutions/VFDs

Resources

SIEMENS

HVAC Products Line Card

VALVES

- Ball
- Butterfly
- Globe (electronic / pneumatic)
- Magnetic
- Pressure independent control (PICV)
- Refrigeration
- Zone
- Piping packages (ball / globe / PICV)

DAMPER ACTUATORS

- Non-spring return
- Spring return
- Fire and smoke
- Fast acting
- Pneumatic

ROOFTOP UNIT SOLUTION

- Climatix RTU controller kit
- Climatix variable frequency drive

SENSORS

- Temperature
- Humidity
- Air quality
- Pressure
- Flow
- Solar
- Miscellaneous

THERMOSTATS

- Communicating
- Non-communicating
- Mechanical / pneumatic

PNEUMATICS

- Pneumatic equipment
- Receiver-controllers
- Relays
- Switches
- Transmitters
- Controls cabinets
